DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 4-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Goodall in view of Allen and Aoai for the reasons stated in paragraph 3 in paper no. 18.

Response to Amendment

3. The Declaration under 37 CFR 1.132 filed July 18, 2003 is insufficient to overcome the rejection of claims 4-8 based upon Goodall, Allen and Aoai as set forth in the last Office action because: it is not commensurate in scope with the claims.

The Declaration shows that examples b and g have unexpected results when using surfactant W-2 which is Megafac R08 (F and Si type surfactant as stated on page 136 of the specification of the instant application), however, claim 4 reads on any surfactant having F and/or Si.

Allowable Subject Matter

4. Claims 1-3, 9-14 are allowed.
5. The following is an examiner's statement of reasons for allowance: The reasons for allowing claims 1-3 are found in paragraph 4 of paper no. 18. Claims 9-14 are allowed because upon reconsideration there is not motivation to combine Goodall and Allen with respect to using mixed solvents in a composition having a PAG and the specific polymer claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even

Art Unit: 1752

though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
